PROFESSIONAL SUMMARY

Software Development student focused on building clean, functional web applications. Specialized in the Frontend ecosystem (HTML, CSS, JavaScript) with strong foundations in C, computer architecture, and algorithmic logic. Seeking my first remote work opportunity to contribute my technical skills, problem-solving abilities, and teamwork in a digital environment.

TECHNICAL SKILLS

- **Languages:** JavaScript, HTML, CSS, C.
- **Tools & Environments:** Git, GitHub Pages, VS Code.
- **Soft Skills:** Remote collaborative work, asynchronous technical communication, adaptability.
- **Languages:** Basic technical English, Spanish (Native).

FEATURED PROJECTS

Personal Expense Tracker App (PWA) **HTML, CSS, JavaScript**

- Developed a Progressive Web App for personal financial management.
- Implemented JavaScript logic for dynamic filtering of expense categories.
- Deployed and hosted the project on GitHub Pages.

Tridente Tech **HTML, CSS, Teamwork**

- Co-created and structured the collaborative Tridente Tech website alongside a team of developers.
- Managed version control and successfully deployed on GitHub Pages (October 2026).

EDUCATION

Software Development Studies **In Progress**

Instituto Superior San José

- **Relevant Coursework:** CPU Architecture, Programming Logic (PSeInt, C), Web Development, Statistics.

High School Diploma **Graduated in 2020**

Colegio Fray José de la Quintana

PREVIOUS WORK EXPERIENCE

Logistics and Customer Service **2017 – Present**

Various Employers (PedidosYa, Events & Hospitality Sector)
